INTERNATIONAL PARTNERSHIPS

INCOMING AND OUTGOING

DOUBLE DIPLOMA PROGRAMS

Students can take advantage of a range of international partnerships allowing them to study or work abroad, or to get a double diploma. Successful applicants will hold a first year master's degree, awarded by technical and vocational institutions and universities. All candidates who received their graduate degrees from a university where English is not the sole language of instructions are required to take an English test : TOEFL/IBT or IELTS as part of their initial written application process.

Our international partnerships around the world are very active and allow our participants to study or work abroad. 2 double degree programs are offered jointly by IAE Vieux Lille and the University of Poznan in Poland and the Karazin business school in Ukraine (online courses this year). Admission decisions will be made collaboratively by both institutions. This will give you a big advantage in the job market.

Applicants must provide a copy of the following documents:

1. Resume
2. Cover letter
3. Letters of recommendation
4. Transcript(s) of your degree in French
5. TOEIC/TOEFL/IELTS/IBT certification

After your online application has been submitted and reviewed, you may be invited to interview, in Lille or by Skype (only if you live abroad).
